•Social distancing practices must be followed. If you do not live in the same house, you must remain at least 6 feet apart from one another while watching and/or running the test.

•All those in attendance must have their own face covering (nose and mouth) in your possession and face coverings must be worn when a 6 foot distance cannot be kept. Face coverings must be worn while going to the line and when leaving the line. The cloth face cover is meant to protect other people in case you are infected and is not a substitute for social distancing.

ANYONE SITTING IN THE GALLERY MUST WEAR A FACE COVERING.
